Dear Bruce:

Hastily, herewith our plans for our forthcoming trip to Stockholm. We are booked to arrive on Pan American Flight 100 Jet at 2135 Saturday, Dec. 6. We have reserved a room at Ciba House hoping this would be the least inconvenient to anyone. We have to take off at 1555 Sunday, December 7, to join SAS Flight 502 to Stockholm.

We have not made any other plans for our very brief stay in London and hope to see you.

If it is convenient for you to meet us we will look for you at the airport and if not there at the station in town. I've already suggested to Dr. Wolstenholme that you might possibly ring up earlier during the day to see if there might be some convenient arrangement, if one is necessary, for letting us in upon our rather late arrival.

As you know, we are moving to Stanford in late January and are doing our best to meet our various responsibilities.

Yours, til then,

Joshua and Esther
